Are you looking for an application that will help you track time better? Timer411 makes this simple by letting you set a timer that will remind you when it's time to finish working on a particular task. With Timer411, you can create a timer and can see how much time is left until the end of your task, no matter which mode you selected. Not only will the timer show you how much time is left, it also warns you to get your work done before the timer is up. It also has the ability to remind you every hour and warn you every 15 minutes so you won't forget about your task. It is truly customizable. You can create any type of timer you want. You can set the timer to count down from 10, 30, or 60 minutes, a single second, a single minute or a whole hour. If you choose to count down by minutes, seconds, or hours, the timer will remind you when the time is up. For example, if you choose to count down by hours and set the time for 3:30 PM, the timer will remind you one hour and three minutes before the timer goes off. You can create as many timers as you want. You can set them up to start counting down for whatever time you want such as a 10 minute timer, a 2 hour one, or a 30 minute one, or even a one hour timer. As far as the features go, Timer411 gives you the ability to set the timer to start at any time you want, you can choose the timer to start at the beginning of the day, or any time you want, and you can choose to set the timer to stay on top of other windows or only stay on top. You also have the ability to turn on or off the task reminder feature. If you choose the reminder option, when the timer is finished, you will get an alert. There is a 15 day trial period for Timer411. After that period, you need to pay a one time fee of \$4.99 for the software. Subscribe for more Tips and Tricks We
