The Elden Ring online role-playing game (IRPG) is an action RPG developed by a team at GIANTS REFUGE Studio. The Elden Ring is a fantasy action RPG game in which players create their own character and compete together in a persistent online world as a party. The game features a realistic combat system, vast customization options, non-linear quest design, and a compelling narrative in which many characters exist in the same world, but have their individual stories and motives. A vivid and poetic storyline that has its roots in existing folklore and mythology is the basis of The Elden Ring's story. For more information about The Elden Ring, visit: ABOUT GIANTS REFUGE: GIANTS REFUGE Studio Co., Ltd. is a Japanese game developer that specializes in online role-playing games with an emphasis on interaction between the players and the game world. ▼Character Creation • Customize your appearance! You start the game with basic equipment in a town in the Lands Between. Over time, equipment and items will improve, which can be done in your free time. You can also customize your appearance by using features such as changing the hairstyle and skin tone. • Customize your equipment! You equip weapons, armor, and magic items to enhance your characters' abilities. You can craft weapons and armor according to your play style. • Craft spells By learning a skill, you can obtain powerful magic items. You can strengthen your spell power and obtain magic items that can improve your ability to fight, such as the ability to use an elden ring. Items can be combined to create a combination of items with a unique effect. Equip a combination of items to increase your efficiency. ▼A Man with an Extraordinary Past • Origin Story Find out the true past of your character as you grow and journey toward the true purpose of your journey! This is a story that unfolds in the Lands Between, which is previously unexplored. While the memories of your past are at your fingertips, the memories you have forgotten are lost forever. ▼Exploration of a Beautiful World • Open world map Explore the world map freely by car, horse, or foot. The world map is seamlessly integrated with local area maps, and the path through the world map is mapped according to your preferences. • Expanding area maps In addition to open area maps, local area maps will be added for areas where you can't go directly. These areas are composed of stunning landscapes and play a role in developing the story of the game. ▼Battles • Battles in three-dimensional space In the three-dimensional space of your map, you will be able to fight against enemies directly using your weapons, while the middle space is devoted to traveling and moving. • Specialized attack effects Use your particular fighting skill. You can do complex fighting moves such as bouncing high, hanging on wires, and attacking below the enemy's attack range, so you can freely fight! ▼Mission System • Mission system Do not set off for a dungeon only to find out that there are already other adventurers going there? You need not worry about that! With a

**As technology develops, you believe that the presence of other minds will continue to influence the gaming industry. If so, I will also create the theme music for future major game titles of GungHo Online Entertainment, Inc. I, the producer, feel that the music played in this game is rhythmically fused with the drama of the story, portraying the atmosphere of the entire epic movie.**
