FUT gives you the chance to build the ultimate team of players using real-world footballing attributes and traits. Use your transfer budget to build a winning squad by acquiring and developing players in real-time. For the first time in FIFA history, FUT contains a draft and auction system, with all players purchasable in both modes using a new pool of gameplay currency that you'll earn by playing matches in Career Mode. World Cup – For the first time in FIFA franchise history, FIFA World Cup is returning to its roots as a pure FIFA game. Featuring all the excitement of the World Cup Finals in South Africa, you and your friends can play out all the action in head-to-head online matches against the world's best teams. FIFA World Cup also offers new, dynamic gameplay, such as Ultimate Team Draft and new Match Day Moments. CONTROLS FIFA 22 will include one control scheme for both play and iDevice users. FIFA 22: Career Mode also includes a revised way to take command of the pitch, allowing players to choose between the new Interactive Passing Control system, or the tried-and-tested Basic Passing Control. For the first time in a FIFA game, fans of Pro and Official Canvas will also have the option to either play the game with the classic match control system, or use the Standard Controls. MAJOR CHANGES Simplify Authentic Authentic football gameplay Ever wonder what it takes to make that beautiful shot, pass or dribble? From ability to camera work, FIFA is the only game to test your technique. With the best player feedback of any console football game, FIFA authenticates the most realistic shots, passes, and dribbles in video game history. Control the ball, monitor your opponent, and make every pass count in a completely new kind of football action. New features for FIFA ONLINE Match Day Moments – Play a make-believe match in all-new match day moments. Play and control the ball with extraordinary precision Combine superior ball control with intuitive gameplay Create moves and work in opposition Master an evolving array of gameplay-based movement options Enjoy a new, easy-to-understand ball control system and new AI system incredible commentary and crowd interaction

What's new:

- **Football Seasons: Play through the dynamic, connected FIFA World Cups™ alongside your favorite football clubs across the globe. From the opening draw onwards the FIFA World Cup™ will be linked to real-world events as footballing momentum and historical matches around the world shift in response to changing votes on the FIFA World Cup™ official voting app. FIFA World Cup™ content is optional and can be turned off.**
- **Game Engine 2**
- **The new physics engine is designed to maintain gameplay at a higher speed by reducing the number of sub-steps that occur during the single physics tick. We've also increased the maximum speed of the game engine by an order of magnitude.**
- **Transfer Ticks - When a transfer request is closed on a player or team, a new transfer request is submitted for the player within FIFA automatically. Transfer Ticks now process twice as fast as before.**
- **Master League: Our major overhaul to the Master League format has raised the level of action on the pitch to an all-time high.**
- **Goalkeeper takedowns cause more friction to the ball on contact for a more accurate simulated experience.**
- **MyCareer: Top English Premier League stars receive an improved MyCareer experience to inspire you to play like the best players in your country.**
- **Creation Suite: With new animation kits you can craft more realistic animations, more easily create custom leagues or simulate a weightless environment for an immersive experience.**
- **One Touch: Create dynamic and active celebrations to score spectacular goals or put your team ahead in time-honoured fashion.**
- **Temple Run Challenge: Four players can team up to carry the ball from one end of the pitch to the other in full view of the opposition defenders as they race to convert numerous tries and stay alive for the final kick.**
